GEN. REV. SECRETARIAT 17 JUL 1922 INDUSTRIES & COMMERCE BRANCH.

Office of the
Director of Industries and Commerce, in Mysore.

Bangalore...15th..July.....192 2.

From

P. G. D'SOUZA, Esq., B.A., B.L.,
Director of Industries and Commerce in Mysore,
Bangalore (India).

17 JUL 1922

To

The Secretary to the Government of Mysore,
General Department,
Bangalore.

Sir,

I have the honor to forward herewith a copy of letter dated the 23rd December 1921 received from the Proprietor of the Kolar Tile - Works praying for the grant of exclusive right of utilising the clays in the Amanikere Tank of Kolar for a period of ten years and free of royalty and to state that the President, District Board, Kolar, who was consulted in the matter is of opinion that as the Proprietors - are settled and making profits they may be made to pay royalty but the exclusive privilege prayed for may be given. I concur with the opinion of the President. It is desirable to allow no scope for unwholesome competition and there is therefore a real need not to permit others ~~not~~ to take the clay from the same locality and start - - another tile Factory. But it is not necessary to exempt them from the payment of royalty. Government orders may be kindly obtained sanctioning the President's recommendation.

I have the honor to be,
Sir,
Your most obedient servant,

P G D'Souza

DIRECTOR.

BANGALORE 26/7/22

Copy of letter dated the 23rd December 1921, from the Kolar Tile Works, Kolar to the Director of Industries and Commerce in Mysore, Bangalore.

I beg to most respectfully bring to your notice that it is nearly three years since I undertook the starting of a Tile Factory in Kolar under the encouragement of the then Deputy Commissioner and the Director of Industries and Commerce. Among other things I was given clearly to understand by them that I would be given free permission to utilise the clay in the Amanikere Tank bund of Kolar and that further no one else would be permitted to start another Tile Factory in the vicinity. It is perhaps within your knowledge as to obstacles and difficulties thrown in my way by envious people and the great amount of loss in money and delay in the commence of work that I was consequently put to. Though I was being given frequently to understand by the officers them in the District that my interests would not be allowed to suffer I was given no relief in these difficulties by the Government. However single handed I endured all the difficulties, overcame all obstacles, and suffered very great losses and work was started 15 months back nearly and tiles of very good quality are being made since then. But unfortunately even now, some of the local merchants are trying to keep down my business by all sorts of unfair means. It is also possible that some of them might join together to start a rival factory and ruin me completely.

Under the above circumstances and in view of the promises given to me by the then Deputy Commissioner and Director of Industries and Commerce and the benevolent intentions of the Government to advance industrial development in the State, I beg that you may kindly be pleased to grant me the exclusive right of utilising the clays in the Amanikere Tank of Kolar for a period of ten years and free of royalty for which act of benevolence I shall feel ever grateful.

SIR,

With reference to your No: IC.1241/I&C.19-21-4 of the 21st August 1922, regarding the grant to the Proprietor of the Kolar Tile Works of the exclusive right of utilising the clay in the Amanikere Tank at Kolar, I have the honour to state that the clay required by potters is not exactly identical as they require it to be more sticky. The reservation proposed is only intended to prevent clay being taken by other tile factories. There is no objection to a clause being inserted that if clay is required by potters that it should be allowed to be taken free.
